Thomasville, NC 27360

Dear Friends,

On behalf of the entire Victory Junction Gang, we would like to personally thank you for your donation of \$28,226.43. You are now part of a family of donors committed to creating magical and memorable experiences for children with chronic medical conditions and serious illnesses and their families.

We are grateful for the support received for the children and families we serve. We have recently completed seven fun-filled summer sessions and are now concentrating on another exciting Fall ahead. This fall we were excited to be serving several new groups, including children who are blind and deaf and kids with Down syndrome. Also, we hosted a special Bereavement Weekend for the first time. None of this would be possible without your support. Children living with illnesses such as cancer, heart disease, sickle cell and spina bifida, along with burn survivors and kids with craniofacial anomalies face a tough race every day. These children richly deserve the chance to escape the daily challenges and benefit from the simple joys of childhood. Because of your generosity, they accomplish this and so much more.

We are humbled by the overwhelming support we receive from individuals like you. Please know that your generous contribution is a vital part of making Victory Junction a possibility for so many children and families!

Welcome to the Gang!

Many Blessings,

Kyle and Pattie Petty
Founders
